

HEGIRA HEALTH, INC.
Wellness First

SUBSTANCE USE TREATMENT PROGRAM

Are you concerned your child may be experimenting with drugs and alcohol?

Hegira Health can help by offering services for young adults who are experimenting or using substances.

EARLY INTERVENTION (ADULTS, TEENS, AND PRETEENS)

- For individuals who might have experimented with drugs and alcohol with friends or are having trouble standing up to peer pressure and want extra support or information on substance use.
- We offer weekly individual and group sessions to learn about the effects of substance use.
- Any need for services will be reassessed monthly.

**To sign up, contact our
Pre-Admission Department at 734-793-5026.**

**All services will be offered through telehealth
until in-person services are available.**

Hegira Health's Children's Outpatient Services office is located at:
8623 N Wayne Rd. Ste 123
Westland, MI 48185
